

League of Large Animal Medical Advocates

Knock, Knock...

Who's There?

Yvette.

Yvette, who?

See... that's how you know this is a joke, there are no large animal vets in these parts, so Y' Vet wouldn't be at y' door.

As every large animal owner knows, both routine and emergency veterinary treatment are near impossible to find. This group is out to change that.

You are invited to come join **LLAMA**, the **L**eague of **L**arge **A**nimal **M**edical **A**dvocates, a community coalition dedicated to solving the veterinary shortage in Hancock County.
