The following information is intended to give LLAMA a more complete understanding of the issues pertaining to large animal care in this area. It is our intention to use this information in support of enhancing the medical care for our animals, but your name, address, etc. will be kept strictly confidential unless released with your permission. Nothing here represents a binding agreement for services or anything of the kind. This is a friendly, casual questionnaire.

How many of the following animals do you own/care for?

- () Horse / Pony
- () Cattle / Oxen
- () Sheep
- () Goat
- () Llama
- () Alpaca
- () Pig
- () Other:

Do you currently have a vet providing regular care?

If 'Yes', does this vet come to you or must you truck to them?
If 'No', when was the last time you did have one?
In what town is this vet located?
How far from you (in miles &/or time) is this vet?

Do you currently have a vet who will provide emergency care?

If 'Yes', does this vet come to you or must you truck to them?
If 'No', when was the last time you did have one?
In what town is this vet located?
How far from you (in miles &/or time) is this vet?

Do you own, or have regular access to a horse/stock trailer?

Are you willing to serve as an emergency assistant to another LLAMA member?

When did your animals last receive their annual vaccinations?

Were they administered by your vet or yourself?

When did your animals last receive a thorough check-up?

When did your animals last receive dental care?

Do your animals receive regular de-worming medication?

Do you exhibit your animals or visit other farms?

How comfortable/confident are you, on a scale of 1 to 5 - with '1' being "not at all" and '5' being "extremely" - with performing the following procedures yourself...

- Basic First Aid; taking temperature, treating a small wound, etc.
- Vaccination administration
- Dental care
- Administering medications
- Administering de-wormer medication
- Diagnosing a wound
- Treating a Major Wound; cleaning, packing, suturing, etc.
- Selecting the appropriate dressing/medication
- Diagnosing an illness
- Treating Colic
- Recognizing toxic plants &/or substances on your farm

If a large animal vet were to come to this area, would you be interested in having him/her treat your animals on a regular basis?

What services would you be interested in having a vet provide?

Have a story you'd like to share?
